Ague Cure

In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms, which terminate in the ague paroxysm, succeeded by nate in the ague paroxysm, succeeded by high fever and profuse perspiration.

high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals, form the basis of most of the "Fover and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. Aven's Ague Cure thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, Aven's Ague Coughs, Colds, Sore Throat, Bronchitis, Asthma, Consumption, Put up in Quart-Sise Bottlee for Family Use.

Citizen Tax-Payers!

I do not wish to be considered harsh, nor do I wish to speculate on your delinquency. But I am constrained to tell you candidly who have not paid their taxes for the years 1877 and 1878, that anless the same is paid promptly I shalt levy upon and sell your property. Remember that the law allows fifty cents for every levy, and six per cent. additional, all of which must be paid by the party owing the taxes. Shall I make these costs, or will you pay up and save it yourselves! That is the question. I mean business.

Respectfully, janl?

B. R. WALKER, Sheriff.
